

STRIKE CALL, November 15th and 16th 2018

“to walk out for 48 hours”

There is still no movement to be seen among employers united in the FME!
And that is why we need to continue our action, because inaction is not an option.

Ask all your colleagues to join the **STRIKE**. Only fighting side by side will bring about a collective labour agreement that you deserve. We will show them that we are Heroes of STEEL.

We call on all workers to strike on November 15th and 16th 2018 for a fair collective agreement ‘cao Metalektro’

What	48-hour strike
When	Thursday 15th of November 2018
Where to register Registration strikers	Evoluon te Eindhoven (Noord Brabantlaan 1A Eindhoven) from 9.00 until 11.00 hour

Right to strike

In the Netherlands employees have the right to strike. This is not without reason! We have already informed all employers that we call on their employees to strike. It is not necessary for you to report to your supervisor that you are going on a strike
